Inter-Noise 2024

53rd International Congress & Exposition on
Noise Control Engineering
Nantes, France | 25-29 August 2024

<https://internoise2024.org/>

ABOUT INTER-NOISE 2024

Dear Sir and Madam,

The French Acoustical Society and the organising committee are pleased to host the 53rd International Congress and Exposition on Noise Control Engineering in Nantes, France, on 25-29 August 2024.

The congress will be held in-person and will favour rich scientific interaction and strong social link within experts in noise control engineering.

The industrial exhibition will be in the heart of the Inter-Noise 2024 congress, located in the Great Hall of La Cité Nantes Congress Centre. The exhibition accommodates booths of 9 m² to ensure premium comfort for exhibitors and attendees. It can also provide 18 m² booths for exhibitors wishing to increase their visibility. For increased interaction, coffee breaks and lunch time will take place in the heart of the exhibition.

We believe that the know-how of the manufacturers should be an integral part of the programme of this Noise Control Engineering event. This approach will be reflected in the following possibilities:

- *reserving exhibitor workshops scheduled at dedicated times that do not overlap with the scientific conferences,*
- *making it possible for acoustic consultants and local noise officers in cities to register for one day at a preferential rate, with access to the exhibition forum only,*
- *PhD market: participation in a job dating session with pre-collection of CVs and fixed time slots.*

Several sponsorship formulas are available, allowing your company to choose the best opportunity to strengthen its communication.

By supporting this event, either as a sponsor or an exhibitor, your company will benefit from high visibility and public recognition. The event will be promoted worldwide and over 1,200 participants are expected.

Adrien Pelat

Congress President

*Le Mans Université
(France)*

Judicaël Picaut

Congress co-President

*Université Gustave Eiffel,
Nantes (France)*
